

SHED GUIDELINES AND PERMIT

1. Sheds can be installed in the backyard only, where there is enough room.
Note: There may be some locations where placement of a shed is not feasible.
2. Sheds cannot be installed any closer than 10 feet from your building, no closer than 3 feet from the edge of your yard line, and no further than 25 feet away from your building.
3. **BEFORE** construction or placement of a shed, the location of the shed must be pre-approved by an authorized Bangor Housing representative.
4. Sheds must be made of wood or a composite material, such as Rubbermaid brand. **NO metal sheds allowed.**
5. Sheds constructed of wood must be painted with an earth tone color immediately.
6. Roofs must be finished using a roofing material. (No tarps)
7. Roofs must be as illustrated on back. NO flat or salt-box style permitted.
8. Dimensions: 8' x 8' x 8', or smaller, and attached to a sturdy floor.
9. Use of temporary or permanent utilities in/on shed are NOT permitted.
10. All sheds require an inspection from a Bangor Housing personnel immediately after constructing.
11. The tenant must maintain the shed at all times.
12. When you move, the shed must be removed as well.
13. All damages from installation, use of, or removal of shed are the responsibility of the tenant. Damages repaired by Bangor Housing will be charged to the tenant.
